- Discuss with the children/youths:
 - What was your last picture, you have put online?
 - Have you ever deliberately put online an embarrassing photo of someone you dislike?
 - Do you know someone who was ever asked for nude photos on the internet? Did your friend meet this person face to face before or was s/he a new person on the internet?
 - Where do you watch funny or embarrassing photos or videos of other people? Do you think the others know that the images / videos are on the internet? What do you think, do they like it, that there are embarrassing photos or videos of them on the internet?
 - Did your boyfriend / your girlfriend ever asked you to undress in front of the webcam or did s/he take nude photos? What could happen to these photos/videos?
